The Mid-Atlantic Biosolids Association is a professional organization comprised of utilities, businesses, and non-governmental organizations committed to the good management of biosolids. Each member organization selects an individual to represent it in the association's committees and, if elected, to its Board of Trustees. All employees of the member organization enjoy the rights of its membership. All membership applications must be submitted for the highest category for which the organization is qualified, in accordance with the descriptions provided here, and as may be determined by the Board.
